Dimensions

Test point   25.1   15.1   Test socket for 2/2.3 mm connector

15

Technical data

Mechanical specifications	
Core cross-section	max. 2.5 mm^2
Mass	approx. 5 g
Dimensions	15.1 x 15 x 25.1 mm (0.6 x 0.6 x 1 in)
Construction type	removable spring terminal with integrated test sockets

Notes

The insulation of the removable terminal blocks protect against direct contact. The insulation conforms to a reinforced insulation acc. to EN 50178 with a rated insulation voltage of 50 V AC.
If the rated voltage greater than 50 V AC, proceed as follows:
- Switch off the voltage.
- Connect the terminal blocks or disconnect the terminal blocks.

Features

- 3-pin spring terminal
- For KF modules
- Integrated test sockets for connection of HART communicators
- Packaging unit: 5 pieces green

Function

The terminal block is suitable for K-System applications.

The green terminal block is used for connection of field signals as well as the connection of control signals.

This terminal block has integrated test sockets for connection of HART communicators.

The terminal block can be coded with the provided coding pins KF-CP.
